

LANDING DOORS

KONE offers three styles of doors – single-slide, center-opening and two-speed side opening. These can be matched with different frames and finishes to accommodate a variety of building types and traffic patterns. Contact your local KONE Sales Professional who can assist you in determining the ideal arrangement for your particular needs.

Single-Slide Door

Finish
 Painted finish
 Satin stainless steel
 Mirror stainless steel
 Satin bronze
 Mirror bronze*

Note
 Single-slide doors make the most efficient use of cab space.

Doors are available in 7', 8' or 9' heights.

Center-Opening Door

Finish
 Painted finish
 Satin stainless steel
 Mirror stainless steel
 Satin bronze
 Mirror bronze*

Note
 This higher-performance door is suitable for high-traffic applications.

Doors are available in 7', 8' or 9' heights.

Two-Speed Side Opening Door

Finish
 Painted finish
 Satin stainless steel
 Mirror stainless steel
 Satin bronze
 Mirror bronze*

Note
 Two-speed doors are best suited for deep and narrow cab configurations.

These doors are appropriate for use in hospitals or other locations where tenants may need to move carts, furniture or other large objects.

Doors are available in 7', 8' or 9' heights.

*Available for MonoSpace and EcoSystem MR only.
